ments to control prices existed as indicated by coincident increases in prices. This in effect, is the gist of the testimony given before the federal grand jury in an attempt to ascertain that conditions existed warranting a charge of violation of the Sherman anti-trust act. The forego-

The American Excess of Good Living

The Principal Cause of the Great Prevalence of Indigestion and Dyspepsia

Man inhabits every part of the globe where external influences can be successfully resisted. Food is an important element in effecting this, and nature has provided for it accordingly. The colder the climate the more animal food and oily substances are required; the warmer a preponderance of vegetables and fruits is necessary in one's diet.

The whale-blubber of the fur-clad Eskimo, and the rice of the nude African, are as much necessities of locality, as matters of choice. The same indications exist in civilization. Thus, the diet in America and England is essentially different from that in Italy, Spain and Egypt.

The effects of universal communication are nowhere more obvious than on the luxurious table. To furnish the refined cuisine, all climates, both sea and land, are laid under contribution, and the stomach is expected to digest, without assistance everything that is put into it. Combining together such varied products, and the neglect of the relation between climate and foods, are very active causes of dyspepsia.

The heavy substantial dishes of this climate accord badly with the thermometer at ninety degrees; and an inflexibility in regulating the kind and quantity of food is a cause of a large proportion of the ill health and stomach troubles among the English and Americans.

Thousands of people who have suffered from stomach troubles, and a general ill-health resulting therefrom, because of a badly regulated diet, and the ingesting of an excessive amount of food at the table, have obtained speedy and permanent relief by means of a simple expedient—that of using one or two of STUART'S DYSPEPSIA TABLETS after each meal, or whenever any of the well-known symptoms of indigestion are present.

These powerful digestive tablets contain every element that exists in the stomach to digest the food, and in the exact proportion as found therein. They take the place of the natural digestive juices when the latter are deficient in quality or quantity, and do their work for them, removing the indigestion by digesting and purifying the digestive tract.

There is no other digestive remedy on the market which has been found equal to Stuart's Dyspepsia Tablets; none which is so rapidly and powerfully efficient, or which removes discomfort, banishes stomach-pain, and relieves and cures all of the symptoms of dyspepsia and indigestion in so thorough and pleasant a manner as these marvelous little tablets, a single grain of which is capable of digesting 3,000 grains of any and every kind of food.

All persons who are annoyed with stomach troubles of any kind should use Stuart's Dyspepsia Tablets, which will remove such troubles in a very short time. Purchase a box from your druggist, and send us name and address for free sample. Address F. A. Stuart Co., 150 Stuart Building, Marshall, Mich.
